APPLICANT INFORMATION AND QUESTION'S TAB

Is this an application for a Regional Planning Grant or an Interregional Planning Grant?

- 1) Regional Planning Grant
- 2) Interregional Planning Grant

Q1. Proposal Description:

Provide a brief abstract of the Proposal. This abstract must provide an overview of the proposal including the main issues and priorities addressed in the proposal. Within the abstract, please state if the proposal is a regional (1 IRWM region) or interregional (more than 1 IRWM region) proposal. Please note if the Proposal will facilitate or support the participation of DAC's in the IRWM planning effort.

This proposal details the completion of a regional Integrated Regional Water Management Plan (IRWM Plan) through integrated project development and plan adoption. The area covered by the plan will be the Yosemite-Mariposa Region, which is contiguous with the Mariposa County boundaries, as established through the Regional Acceptance Process in 2011. The plan will be guided and adopted by a Regional Water Management Group (RWMG) that currently includes 12 federal, state and local agencies and organizations. Among the main issues and priorities addressed in the proposal is to provide adequate, reliable, affordable, and sustainable water of suitable quality for beneficial uses while protecting, preserving, and enhancing ecosystems as well as community and agricultural resources. Collaborating with downstream watersheds in water resources planning is also a high priority as is the use of scientific data to inform water and land use decisions. Understanding and preparing for climate uncertainty that increase the sustainability of water and flood management systems as well as ecosystems is a goal of the RWMG. The Mariposa County stakeholders have been working since early 2009 to position themselves to prepare an IRWM Plan that addresses the water-related issues in the region and have been actively seeking the engagement and participation from the local tribal entities and disadvantaged communities (DAC) in this work. The plan specifically addresses the continued outreach to and involvement of the DAC and tribal groups in the plan process and project development. The Yosemite-Mariposa IRWM plan also addresses the continued coordination with and outreach to federal and state agencies and interregional RWMGs to assure that a coordinated and integrated plan is developed.

Q2. Project Director:

Provide the name, title, agency, address, phone number, and email of the person responsible for executing the grant agreement for the applicant. Persons that are subcontractors to be paid by the grant cannot be listed as the Project Director.
