Proposal Name **Tahoe Sierra IRWMP Update** *

Proposal Objective
 The Tahoe Sierra IRWMP was first drafted in 2006 and last updated in 2007. The IRWM partnership wishes to update the current plan to meet the new Department of Water Resources IRWM plan standards and to reflect the evolution of the Tahoe Sierra IRWM partnership's new members and expanded strategies. The original plan development was done by the partnership members as a volunteer effort. The Tahoe Sierra IRWM would like to contract with a consultant for the new update in order to engage the additional resources and expertise to expand outreach, research climate change, and help garner more tribal and disadvantaged community involvement. *

APPLICANT INFORMATION AND QUESTION'S TAB

Is this an application for a Regional Planning Grant or an Interregional Planning Grant?

- 1) Regional Planning Grant
- 2) Interregional Planning Grant

Q1. Proposal Description:

Provide a brief abstract of the Proposal. This abstract must provide an overview of the proposal including the main issues and priorities addressed in the proposal. Within the abstract, please state if the proposal is a regional (1 IRWM region) or interregional (more than 1 IRWM region) proposal. Please note if the Proposal will facilitate or support the participation of DAC's in the IRWM planning effort.

South Tahoe Public Utility District, acting as the lead agency for the Tahoe Sierra Integrated Regional Water Management partnership (1 IRWM region), has obtained professional consulting services to prepare a revision to the Tahoe Sierra Integrated Regional Water Management Plan (IRWMP). The Tahoe Sierra IRWMP was originally compiled in 2006, with an update in 2007. The consultant will revise and develop a Plan, with the help and support of the partners in the Tahoe Sierra IRWM, that fully complies with the requirements as set forth by the Department of Water Resources (DWR). The Tahoe Sierra IRWM partners have done a complete review of their current plan and identified gaps in information necessary to comply with the new requirements. These gaps will be addressed in the plan revision, but in addition, the partnership wishes to expand their outreach and increase involvement with the plan development within the region, especially in the areas of tribal communities and disadvantaged communities. The current work plan enclosed with this application details the tasks necessary to complete this additional outreach and the ways in which the partnership will engage these communities. These include stakeholder meetings, surveys, providing informational material in appropriate languages, and interactive website access. The ultimate goal of this proposal is the development of a updated IRWM plan meeting DWR plan standards, integrating the regions water management efforts, and representing the broadest spectrum of partner, stakeholder and community interests and input.

Q2. Project Director:

Provide the name, title, agency, address, phone number, and email of the person responsible for executing the grant agreement for the applicant. Persons that are subcontractors to be paid by the grant cannot be listed as the Project Director.
