Tracie,

Thank you for taking the time to meet with us on Monday to review the evaluation of our Proposition 50 Chapter 8 Planning Grant Proposal - PIN 4816. This proposal is very important to the Upper San Joaquin River Region and deserves Proposition 50 funding.

Our comments on the preliminary proposal evaluation are attached for your review. There are a number of areas where we feel greater credit should be given based on the content of the proposal. A hard copy of our comments is also being sent on letter head by mail.

Thanks again,
Rob Tull
