---

Keith,

My name is Nancy Good and I am on the Board of Directors for the Amargosa Conservancy. I publicly state my support of the Inyo-Mono IRWMP grant proposal. Of importance, the work of the Amargosa Conservancy has been extremely beneficial to the local disadvantaged communities and the protection of our desert ecosystem within the watershed of the Amargosa River. Further knowledge of the Amargosa's unique hydrology will enhance stewardship of these precious water resources and help in guiding future work.

Thank you for your support and consideration,

***Nancy Good***
