Mr. Yun –

I am sending the following two comments on behalf of the stakeholder group for the Antelope Valley Integrated Regional Water Management Plan (Antelope Valley Region).

1. We are requesting that DWR reduce the requirement for local match funding for planning grants from 50% to 25%.
2. We are requesting that DWR increase the length of the application period for both implementation (16 weeks) and planning grants (12 weeks).

Thank you for your consideration of these comments.
