February 12, 2007

Dear Resident:

Subject: Notification of Monitoring Well Installation Project at Knoll Park, Job 6217

On Tuesday afternoon, February 13, 2007, the Alameda County Water District (ACWD) will begin drilling and installing a monitoring well at Knoll Park (see attached map). Although ACWD's contractor (Maggiore Bros. Drilling, Inc.) will use its best efforts to minimize the noise or any other impacts this work may have on your neighborhood, there will be unavoidable noise from equipment used by ACWD's contractor. All work will be performed on park grounds and will be used to improve our understanding of the groundwater basin.

Maggiore Bros. Drilling, Inc. estimates completion of work in about two weeks. The actual work will be performed between the hours of 8:00 am and 6:00 pm., Monday through Friday. No weekend work is anticipated.

Thank you for your cooperation. ACWD's project manager for this project is Douglas Young. If you have any questions or need additional information, please contact him at (510) 668-4452 during normal business hours or at (510) 914-4042 during weekends and evening hours.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Shaver", is written over the typed name.
