Fremont, California 94538

Local Groundwater Management Assistance Act of 2000, Agreement No. 4600003644

Dear Mr. Inn:

We have received and accepted your report entitled Northwest Niles Cone Monitoring Wells Project. This represents completion of your agency's obligations under Agreement No. 4600003644 with the California Department of Water Resources.

Thank you for your interest in the Local Groundwater Assistance Grant Program and your efforts to better understand and manage groundwater in your area. The enclosed, Grant Performance Evaluation, is for your records. If you have any questions, please contact Joseph Chang at (916) 651-9221 or Harley H. Davis at (916) 651-9229.

Sincerely,

A handwritten signature in black ink, appearing to read "Tracie L. Billington".

AGREEMENT NUMBER 4600003644	AMENDMENT NUMBERS
--------------------------------	-------------------

DEPARTMENT Water Resources	GRANTEE'S NAME AND ADDRESS Alameda County Water District 43885 South Grimmer Boulevard P.O. Box 5110 Fremont, California 94537-5110
DIVISION Planning and Local Assistance	
EVALUATOR'S NAME Ko-Ching J. Chang	
PROJECT TITLE Northwest Niles Cone Monitoring Wells Project	AGREEMENT EXPIRATION DATE May 1, 2006
1. TOTAL AGREEMENT AMOUNT INCLUDING AMENDMENTS \$249,900	GRANTEE DEPARTMENT (if different than grantee's name)

2. DESCRIBE THE WORK THAT WAS IN THE PROJECT WORK PLAN.

The project consist of drilling and construction of eight groundwater monitoring wells which will enable ACWD to obtain detailed geologic and hydrogeologic data of the area, and will provide long term monitoring points to evaluate groundwater flow and quality. Eight wells are proposed at four sites, with five monitoring wells in a cluster at one site. The sites were selected based on the identification of areas where Alameda County Water District needed additional information to improve our understanding of the localized geology, groundwater flow, and water quality conditions, and to provide long term groundwater monitoring points due to the proposed EBMUD Bayside Groundwater Project.

3. WAS THE WORK PERFORMED?

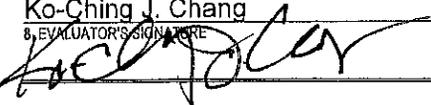

NO - If no, explain why YES - If yes, explain how the work met the specific problem, administrative requirement, or program need for the project.

- All proposed work was completed within the terms of grant agreement
- Project budget was exceeded; cost overruns was due by stoppage of work due caused by unforeseen, unusually, and prolong raining season (2004/2005 winter weather conditions).
- Project objectives and work scope was met.
- Knowledge and information gained from the project provided valuable information to Alameda County Water District in the understanding of the area between Niles Cone Groundwater Basin and South East Plan Groundwater Basin, water quality conditions, and provide long term groundwater monitoring points.

4. DID THE GRANTEE FULFILL ALL REQUIREMENTS OF THE AGREEMENT?

NO - If no, explain why YES - If yes, explain how the work met the specific problem, administrative requirement, or program need for the project.

- Final Reporting requirement was met.
- Quarterly reporting requirement was met.
- Invoicing requirement was met.
- Grantee was available when communication was necessary.
