

ATTACHMENT 10
AB1420 AND WATER METER IMPLEMENTATION COMPLIANCE

For the “AttachmentName” in the naming convention of BMS, use “1420” for this attachment.

Applicants, who are urban water suppliers, must provide documentation that they are in compliance with the AB1420 (CWC §10631.5) and Water Meter Implementation (CWC §525 et seq.) requirements. Both the AB 1420 and the Water Meter Compliance Self Certification forms must be signed, uploaded to BMS, and wet signatures submitted in hardcopy.

Only a single hard copy submittal is required for this attachment. The AB1420 Compliance Tables 1 and 2 may be found at the following link:
<http://www.water.ca.gov/wateruseefficiency/finance/>.

Applicants can submit hard copies of these forms prior to the application due date as a standalone attachment. An urban water supplier who has already submitted AB1420 Tables 1 and 2 will only need to re-submit updated tables if:

1. There have been any changes in the implementation schedule, financing, budget, and level of coverage since the prior submittal of those tables, or;
2. The previous submittal was over one year ago.

If the tables do not need to be resubmitted, include a statement in Attachment 10 that the tables have already been submitted to DWR; provide the submission date, and that there are no changes, updates, or time lapse.

For further information about AB 1420 compliance and Water Meter Implementation compliance please contact DWR as indicated in the Forward to the Guidelines and PSP.

The Alameda County Water District is in full compliance with AB 1420 and Water Meter Implementation requirements. The following files are included with this proposal:

Att10_LGA12_ACWD_1420_2of4, Certification for Compliance with Water Metering Requirements for Funding Applications, a wet signature hard copy is included in the copy marked “Original”.

Att10_LGA12_ACWD_1420_3of4, an updated copy of AB 1420 Self-Certification Statement Table 1, a wet signature hard copy is included in the copy marked “Original”.

Table 2 and Table 3 are not included since Alameda County Water District is currently fully implementing all the Best Management Practices.

Att10_LGA12_ACWD_1420_4of4, copy of the most recent BMP reports submitted to the California Urban Water Conservation Council
