

Attachment 3: Status of GWMP

The South Westside Basin Groundwater Management Plan was adopted by the City of San Bruno on July 10, 2012. The California Water Services Company, as a private water company, has accepted the provisions of the Groundwater Management Plan. Daly City has indicated that it is moving towards acceptance as well. The San Francisco Public Utilities Commission, as the water wholesaler and neighboring water purveyor, has expressed its support for the plan. Letters from the California Water Services Company and the SFPUC are included in this attachment.

The signed resolution from the City of San Bruno was not available at the time of submission of this grant application. It will be received by DWR along with the authorizing resolution for Attachment 1 before August 14, 2012. The GWMP is provided as part of this attachment (please note that in the hard copy application the GWMP is provided at the end of the document).
