Subj: Re: HS No. 4 Monitoring Well

Sorry Mike

The Liberty Union High School gives permission to place a monitoring well on the 4 Th school site located at Delta and Sellers.

The current site is only the 36 acres at the corner of Delta and Sellers.

Hi Wayne.

The Department of Water resources is requiring that we submit our grant application today. Would it be possible to get a reply Email from you today indicating that we have your permission to install a monitoring well on the HS No. 4 site?

Thank You Very Much,

Mike Yeraka, PE
General Manager
Diablo Water District

Hi Wayne.

As a part of our grant application to the Department of Water Resources

we'd like to include a letter from you stating that we have your permission to install a monitoring well on the HS No. 4 site. The monitoring well would be located so as not to interfere with any of the future HS facilities. I anticipate working with your engineers to identify an appropriate location. We would cover the cost of your engineer's time to work with us and the work to construct the monitoring well would be conducted at no expense to you.

Please let me know if you can send me such a letter.

Thank You Very Much,

Mike Yeraka, PE
