**MAY 5 2009**

Ms. Lisa Y. Morgan-Perales  
Water Resources Analyst II  
Inland Empire Utilities Agency  
6075 Kimball Avenue  
Chino, California 94301

Dear Ms. Morgan-Perales:

The Department of Water Resources (DWR) has reviewed the Inland Empire Utilities Agency's (IEUA) Self-Certification Statement Table 1 (Table 1) submitted on March 9, 2009 regarding implementation of the Urban Best Management Practices (BMPs).

The purpose for DWR's review is to determine eligibility of IEUA to receive water management grant or loan funds. DWR has followed the *Draft AB 1420 Compliance Requirements* dated March 11, 2009 and recently released for public review and comments. Eligibility determination may change if final *AB 1420 Compliance Requirements* is significantly changed as a result of public comments. Based on DWR's review of the information in Table 1, IEUA has and is currently implementing the BMPs consistent with AB 1420 and, therefore, is eligible to receive water management grant or loan funds.

DWR reserves the right to request additional information, including reports from IEUA, to substantiate the accuracy of the information provided in Table 1. Additionally, DWR may reverse or modify its eligibility determination and notify you and IEUA if it finds inaccuracies in the supporting documentation or in Table 1.

If you have any questions, please contact me at (916) 651-9666 or Chriss Fakunding at (916) 651-0673.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Davidoff".

Baryohay Davidoff, Chief  
Agricultural Water Management Planning  
and Financial Assistance
