July 3, 2012

To Whom It May Concern,

The Kings River Conservation District (KRCD) is a Grantee in good standing in the State Water Resources Control Board's Proposition 50 Round 2 Integrated Regional Water Management Grant Program. The KRCD is fully compliant with and meeting all contract requirements consistent with Grant Agreement 08-614-550-02. KRCD invoice reporting for component projects are above 80% and the KRCD has provided 129% of matching funds as required per the Grant Agreement. The KRCD is on schedule with project scope, implementation, and completion time frames. As Grant Manager for the KRCD, I highly recommended the KRCD as candidate for the Department of Water Resources Local Groundwater Assistance Grant to complete additional watershed management projects within the Kings River Basin.

Sincerely,

Brandon Davison
Grant Manager
Engineering Geologist
