LETTER OF SUPPORT AND COORDINATION REGARDING MOJAVE WATER AGENCY'S APPLICATION FOR LOCAL GROUNDWATER ASSISTANCE GRANT FUNDS

Dear Mr. Brill,

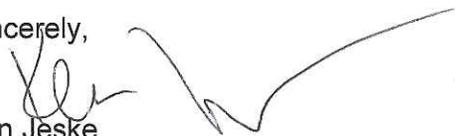

This letter is to express Chino Basin Watermaster support for Mojave Water Agency's (MWA) Local Groundwater Assistance (LGA) grant application for funding to prepare a County-Wide Groundwater Water Monitoring Plan within the County of San Bernardino ("Plan") to comply with the California State Groundwater Elevation Monitoring (CASGEM) program, and intent to coordinate with MWA and its consultant during preparation of the plan to insure consistency with such plans in the Chino Basin without additional cost.

Chino Basin Watermaster recognizes the need for county-wide CASGEM compliance within San Bernardino County, in response to Senate Bill 7-6 (2009) and is hopeful that DWR will award MWA the funds requested so that development of the above-mentioned monitoring Plan can move forward. This Plan will benefit agencies and stakeholders throughout the County of San Bernardino.

Additionally, it appears that legislative amendment may be appropriate to eliminate potential penalty to agencies that comply with CASGEM yet may be bounded by one other agency in the county which may choose not to comply. This is particularly onerous in a county such as San Bernardino which is the largest in the contiguous states. To help prevent such a penalty given the current legislation, Chino Basin Watermaster will coordinate with MWA and its consultant as appropriate during development of the Plan.

We look forward to coordinating with you during this process.

Sincerely,

Ken Jeske
Interim CEO
