

# Attachment 10. AB 1420 and Meter Implementation Compliance

---

Sacramento Suburban Water District (SSWD) submitted AB 1420 compliance tables and Meter Compliance self certification forms to Department of Water Resources (DWR) on July 10<sup>th</sup>, 2012. A letter of compliance was received from DWR on July 10<sup>th</sup>, 2012. See Appendix A for the compliance letter, approved tables and forms, and e-mails. DWR received SSWD's 2010 UWMP on July 13<sup>th</sup>, 2011 and found that it addressed the requirements of the CWC. See Appendix B for the letter from DWR approving SSWD's 2010 UWMP.

Mr. Warren Jung  
Manager – Engineering Services  
Sacramento Suburban Water District

Dear Mr. Jung:

The Department of Water Resources (DWR) has reviewed the Sacramento Suburban Water District's (SSWD) 2010 Urban Water Management Plan (UWMP) received on July 13, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the SSWD's 2010 plan has found that the plan has addressed the requirements of the CWC. DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter simply acknowledges that the SSWD's UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the plan or urban water management planning please don't hesitate to email or call.

Sincerely,

Mr. Gregory Bundesen  
Water Conservation Supervisor  
Sacramento Suburban Water District  
3701 Marconi Avenue, Suite 100  
Sacramento, California 95821

Dear Mr. Bundesen:

The Department of Water Resources (DWR) has reviewed the Sacramento Suburban Water District's (SSWD) Self-Certification Statement – Table 1 submitted on June 29, 2012, regarding implementation of the Urban Best Management Practices (BMPs).

The purpose of DWR's review is to determine SSWD's eligibility to receive water management grant or loan funds. DWR has followed the *AB 1420 Compliance Requirements* dated January 1, 2009. For detailed information, please visit <http://www.water.ca.gov/wateruseefficiency/finance/>.

Based on DWR's review of the information in Table 1, SSWD has and is currently implementing the BMPs consistent with AB 1420 and, therefore, is eligible to receive water management grant or loan funds.

DWR reserves the right to request additional information and documentation, including reports from SSWD to substantiate the accuracy of the information provided in Table 1. DWR may reverse or modify its eligibility determination and notify you and the funding agency if inaccuracies are found in the supporting documentation or in Table 1.

If you have any questions, please contact me at (916) 651-7034 or Betsy Vail at (916) 651-9667.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Brostrom".

\*C6: Wholesaler may also be a retailer (supplying water to end water users)  
 \*\*C8, \*\*C9, \*\* and C10: Agencies choosing an alternative conservation approach are responsible for achieving water savings equal or greater than that which they would have achieved using only BMP list.

- (1) For details, please see: <http://www.cuwcc.org/mou/exhibit-1-bmp-definitions-schedules-requirements.aspx>.
  - (2) BMP is exempt based on cost-effectiveness, lack of funding, and lack of legal authority criteria as detailed in the CUWCC MOU
  - (3) Non MOU signatories must submit to DWR reports and supporting documents in the same format as CUWCC.
  - (4) SSWWD signed the CUWCC MOU in 2009 and will complete CUWCC reporting forms in the next reporting cycle.
- (3) SSWWD has been implementing BMPs on the checklist in historical implementation efforts but because they were not a signatory to the CUWCC MOU in the past they were not obligated to implement the CUWCC MOU in the past. Moving forward SSWWD will implement the BMPs following the GPCD track approach. See attached BMP checklist based good calculation vs. GPCD track estimate. This analysis shows that SSWWD water savings achieved following the GPCD track are greater than those achieved by following the checklist approach.
