DWR to Co-host Floodplain Mapping Workshops

SACRAMENTO – The California Department of Water Resources (DWR), the U.S. Army Corps of Engineers (USACE), and the Department of Homeland Security’s Federal Emergency Management Agency (FEMA) will co-host two Floodplain Mapping and Map Modernization workshops for public works officials, levee district managers and floodplain administrators.

Agenda subjects include:

- FEMA’s Map Modernization program, levee certification, and the roles of FEMA, USACE, and DWR
- Impact of floodplain map changes
- FEMA’s Procedure Memo 34 for levees
- Agency roles and related programs
- Community involvement

WHAT: Floodplain Mapping and Map Modernization Workshops
WHO: Public works officials, levee district managers, and floodplain administrators, consultants, and other interested participants
WHEN: September 22, 2006
1:00 - 4:30 p.m. (the 8:00 a.m. session is full)
RSVP: by Friday, September 15, 2006
to [Maria Lorenzo-Lee](#)
WHERE: Department of Water Resources Building Auditorium
1416 9th Street, Sacramento, CA 95814

The Department of Water Resources operates and maintains the State Water Project, provides dam safety and flood control and inspection services, assists local water districts in water management and water conservation planning, and plans for future statewide water needs.
