LGA GRANT PROGRAM

LGA grants provide local public agencies with up to \$250,000 to conduct groundwater studies or carry out groundwater monitoring and management activities. Approximately \$4.7 million in funding from Proposition 84 is available for the fiscal year 2009-2010 LGA Grant Program.

Priority for Proposition 84 LGA grant funding will be given to local public agencies that have adopted a Groundwater Management Plan and demonstrate collaboration with other agencies in the management of a groundwater basin.

SUPPLEMENTAL IRWM FUNDING

The Proposition 50 IRWM grant program provides funding for projects that protect communities from drought, protect and improve water quality, and reduce local dependence on imported water.

DWR has approximately \$7.4 million in funding to supplement prior Proposition 50 IRWM implementation grants. Only those grantees who, under prior cycles of the Proposition 50 IRWM implementation grant program, received partial grant funding will have an opportunity to compete for this supplemental grant funding.

The Department will present information on the Draft Guidelines and PSPs for each grant program at the January workshops. Each workshop will be broken into two sessions.

The presentation and public comment period for the LGA Draft Guidelines and PSP will be from 10 a.m. until noon.

The presentation and public comment for the Proposition 50 Supplemental IRWM Draft Guidelines and PSP will be from 1 p.m. until 3 p.m.

Registration is not required to attend these meetings.

The Draft Proposition 84 LGA and Proposition 50 Supplemental Funding IRWM Guidelines and PSPs will be posted on the following DWR websites by December 4, 2010: <http://www.water.ca.gov/lgagrant/>
