

CENTRAL VALLEY FLOOD MANAGEMENT PLANNING PROGRAM

Meeting Announcement

May 25, 2010

Contacts: [Mike Mierzwa](mailto:mmierzwa@water.ca.gov), FloodSAFE Communications Lead (530) 400-1395 mmierzwa@water.ca.gov

[Elizabeth Scott](mailto:mescott@water.ca.gov), DWR Information Officer (916) 653-0979 mescott@water.ca.gov

Flood Management Valleywide Forum Open to the Public

WHO: California Department of Water Resources; FloodSAFE California Initiative

WHAT: Central Valley Flood Management Planning Program Valleywide Forum;
Focus on the Central Valley Flood Protection Plan

- Convening of representatives from local government agencies, interest groups and businesses to hear panel presentations from the volunteers (work group members) that participated in developing the initial components of the Central Valley Flood Protection Plan.

WHEN: Thursday, June 3, 2010 1:30 pm– 5:30 pm (Registration begins at 1:00 pm)

WHERE: City of West Sacramento's Boathouse at Bridgeway Lakes
3650 Southport Parkway West Sacramento, CA 95961

webcast: <http://cawater.rmxpres.com/webcast/data/vwf06032010/msh.htm>

WHY: This will be the first convening of all of the Central Valley Flood Protection Plan regional and topic work group members in one place. The Valleywide Forum will provide an opportunity for work group members and the public to learn each others' perspectives and will help inform the next steps of the public engagement process.

The Valleywide Forum will help to develop shared understanding among attendees about:

- The State-led flood improvement projects;
- Status and direction of the Central Valley Flood Protection Plan;
- Perspectives on regional issues in the Sacramento-San Joaquin Valley; and
- The *Regional Conditions Report – A Working Document* and the *Interim Progress Summary No. 1*. These documents will be available for public review at the Valleywide Forum.

Visit www.water.ca.gov/cvfmp for more information.

The Central Valley Flood Management Planning Program is a program of the Department of Water Resources FloodSAFE California Initiative. The Department of Water Resources operates and maintains the State Water Project, provides dam safety and flood control and inspection services, assists local water districts in water management and water conservation planning, and plans for future statewide water needs
