

The study site is located on the interior of Sherman Island in the Sacramento–San Joaquin Delta.

**Directions:** Take the Sherman Island Levee Road (also called River Road) south from Highway 160 and make the first right. The gate at the entrance is locked during off-hours but open during business hours. Follow the road south until it crosses under the Antioch Bridge, and continue straight on Haul Road, on the interior of the island. The site will be on the left, a little over 1 mile after crossing under the Antioch Bridge.
