

Sacramento and San Joaquin River Basins California Comprehensive Study

Interim Report

US Army Corps
Of Engineers
Sacramento District

December 20, 2002

The Sacramento and San Joaquin River Basin, California, Comprehensive Study, is a joint effort by The Reclamation Board of the State of California and the U.S. Army Corps of Engineers, in coordination with Federal, State and local agencies, groups, organizations, and people of the great Central Valley of California.

This document summarizes study findings, the Comprehensive Plan for Flood Damage Reduction and Ecosystem Restoration within the Flood Management System, and a strategy for implementation. The document has been prepared as an Interim Report. Future updates to the report will be prepared as projects are planned and constructed.

Comprehensive Study
