The Floating Group Campsite

experience can be found at Lake Oroville State Recreation Area (SRA). Loaded with amenities, these two tiered floating campsites provide a one-of-a-kind concept in outdoor recreation and an exhilarating adventure for the entire family.

Explore the Lake Oroville SRA, which features a wide variety of recreation activities and is often referred to as a “recreational wonderland.” The Floating Group Campsites put you in the middle of all the action Lake Oroville SRA has to offer.

Come and tie-up your boat, pitch your tent — then kick back and enjoy the surroundings of the “crown jewel” of California’s State Water Project.

All Hands on Deck!

WHAT TO BRING

Remember that staying on the Floating Group Campsite is just like a regular camping except you are on the water. Consequently you will need to bring your own bedding (there are no beds), food, coolers, lantern, drinking water, utensils, cook stove, pots & pans, matches, and tarp or canopy for shade.

CHECK-IN TIME

Check-in time is 4:00pm and check-out is 12noon.

(Note: it is recommended that check-in occur during the daylight hours so that you can easily locate your campsite. From Memorial Day to Labor Day, registration will take place at the Spillway Boat Launch Area. Specific check-in procedures will be given by ReserveAmerica at the time the reservation is made.)

One of the unique recreation opportunities found at Lake Oroville are the Floating Campsites. The floating campsites concept was developed by former Park Supervisor Harold D. Bradshaw. Ten in all, these floating campsites each accommodate up to fifteen people and provide a toilet and barbecue.

RESERVATIONS

All Floating Campsites are subject to reservations made through ReserveAmerica on a year round

basis. **Call ReservAmerica at 1-800-444-7275.**

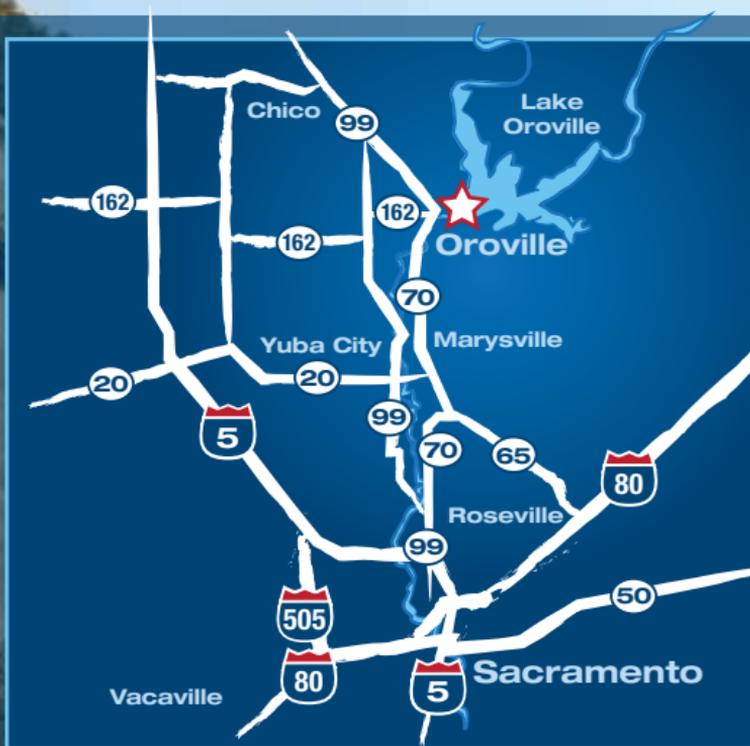

The maximum stay on Floating Campsite is seven consecutive nights. Reservations include parking for three vehicles and launching for three boats.

Extra vehicles and boats will be charged upon arrival.

(Note: if campsites are not reserved they can be rented on a first-come-first-served basis.)

Lake Oroville was created by the tallest earthen dam in the United States. Completed in 1968, the dam stands 770 feet high with a crest of 6,920 feet long. The scenic lake has 15,500 surface acres with a shore line of 167 miles. No lake in California offers a larger variety of outdoor water activities.

HOW TO GET HERE

From Hwy. 70 take the Oro Dam Blvd. exit. Proceed east (through the Oroville business district on Hwy. 162) until you reach Olive Hwy. Turn right on Olive Hwy. (Hwy. 162) and proceed approximately 4 miles and turn left on Canyon Drive. Go across the dam. This will take you to the Spillway Launch Ramp.
