Please provide your comments on the Draft PEIR in the space provided below.

The Sierra Club opposes Alternative # 7 for several

Reasons: See Attached Resolutions.

As in Owens Valley, the Salt Crust won't ^{not} work effectively. ^{mitigation}

The # 7 proposal is not Accurate. There ~~is~~ has been no mining that ^{city} of E.M. for 20 yr. Are the Costs to rebuild the R.R. tracks as well as the Cost of an EIR to

Reinstate mining at E.M. included. Many Environmental Organization oppose E.M. Dump proposal. Many of the Impacts for mining ~~would~~ ^{will} be oppose by these organizations. We must protect Joshua Tree Natl Park!

#7 hasn't changed since 1982, that's absurd. What about Earthquake
