

# Fall/Winter Juvenile Salmon Decision Process (Oct 1 - Mar 31)

September 21, 2000

## Migration Period

### First Alert

### Second Alert

Normalized daily catch in Knights Landing RST

### Decision

Normalized two-day catch in Sacramento Seine and Kodiak trawl\*

### Decision

### Decision

\* Effort normalized to 10 trawls and 8 beach seine hauls per two-day sampling period.

\*\*Ideally, Knights Landing and Sacramento catches would confirm each other, however, protective criteria may be implemented based on either site.
