

**WOMT Summary for February 16, 2010**

The WOMT Agencies met and discussed the following:

FWS accepted the SWG recommendation of targeting an OMR flow of -5,000 cfs and is preparing the 48-hour notification to the Court.

DFG did not make any OMR flow recommendation regarding the Longfin Smelt.

DOSS recommended targeting an OMR flow of -5,000 cfs for protection of salmonids.

NMFS currently did not make any OMR flow recommendation due to the Temporary Restraining Order in place.

WOMT is scheduled to meet Friday, February 19, at 1300 hours.
