

WOMT Summary for October 12, 2010

The WOMT Agencies met and discussed the following:

Project Agencies' recent evaluation of a 3-day Delta Cross Channel gate closure proposal from EBMUD indicated that there would not be an impact to the water quality condition in Delta (i.e. 250 mg/l Chloride standard). The DCC gate closure was scheduled between hours ending 1200 on Wednesday, October 13, to hours ending 1200 on Friday, October 15.

Next WOMT meeting is scheduled for October 26, 2010.
