

## **NOTICE TO STATE WATER PROJECT CONTRACTORS**

**NUMBER:** 99-10

**DATE:** ~~NOV~~ 30 1999

**SUBJECT:** Initial Entitlement  
Allocation for 2000

**FROM:** Signed: Thomas Hannigan  
*Director, Department of Water Resources*

The Department of Water Resources is initially approving 2.06 million acre-feet of entitlement water for long-term State Water Project contractors in 2000. SWP supplies are projected to meet at least 50 percent of most SWP contractors' Table A entitlement up to their requested amount. For SWP contractors who have signed the Monterey Amendment, this allocation is based on post-Monterey conditions. For the two SWP contractors who have not signed the Monterey Amendment, this allocation is based on pre-Monterey conditions. A table showing the initial 2000 SWP allocations of entitlement water is enclosed.

In making this allocation, the Department considered existing storage in SWP conservation reservoirs, a conservative projection of hydrology and water supply during the remainder of the 1999-2000 water year, SWP operational constraints, and 2000 contractor demands. SWP contractors' Table A for 2000 totals 4.12 MAF, of which 3.62 MAF was requested. As the year's hydrologic and water supply conditions develop, a revised allocation may be made.

In December, the Department will send an approved monthly water delivery schedule, based on this initial allocation, to each long-term contractor. The monthly distribution reflected in these schedules will be in proportion to the "50 percent" delivery schedule request submitted to the Department by each contractor earlier this year.

If you have any questions, please contact Donald R. Long, Chief of DWR's State Water Project Analysis Office, at (916) 653-4313 or Tom Hanson of his staff at (916) 653-0190.
