July 16, 2007

City of Livermore
Darren Greenwood, Water Resources Manager
101 Jack London Blvd
Livermore, CA 94551

Dear Mr. Greenwood,

Please find attached a draft copy of California Water Service Company's 2007 Urban Water Management Plan for the Livermore District. This plan, as required by the California Water Code §10644(a), is made available to cities and counties within the district service area for review and comment. Cal Water intends to provide the final form of the plan to the California Department of Water Resources on or before December 31, 2007. The review and comment period of this plan will end at close of business on September 28, 2007.

This Urban Water Management Plan is a foundation document and source of information for a Water Supply Assessment and a Written Verification of Water Supply. The Urban Water Management Plan also serves as a long-range planning document for water supply and can be a source document for cities and counties for the preparation of the General Plans. Review of this plan will benefit both of our organizations.

Please acknowledge that this report has been received and reviewed. Send any comment or question to my attention:
