Subject: IEUA Draft 2005 Urban Water Management Plan

---

Please find enclosed a CD of the Draft 2005 Regional Urban Water Management Plan (UWMP) for your review.

We have worked closely with the Chino Basin Watermaster, local cities and retail water agencies in the IEUA service area to develop the water supply numbers. The population projections were developed by Metropolitan Water District (MWD) using Southern California Association of Governments (SCAG) forecasts.

We would particularly appreciate your review of the water supply and population numbers to ensure that these are consistent with your projections. We are also very interested in hearing your comments on Chapter 4 (Water Conservation) and on Chapter 5 (Water Recycling) to ensure consistency among these programs as well.

We will host a workshop at IEUA's office on Wednesday, July 13 from 2 pm to 4 pm to review the draft UWMP and receive comments. Please feel free to send additional comments to us by July 28<sup>th</sup>. We will incorporate the proposed changes and will release the final draft UWMP in September for public review.

Thank you for your time and consideration in reviewing this document. Please call Gary Hackney at (909) 993-1720 if you have any questions.

To all interested parties,

IEUA's Draft 2005 Regional Urban Water Management Plan has been posted to the IEUA website. The IEUA Board of Directors have scheduled a public hearing (scheduled for November 16) to invite public comment on the Draft UWMP prior to being adopted.

Go to IEUA's homepage at [www.ieua.org](http://www.ieua.org) and look under "IEUA - Recent Press Releases" for the links to both the 2005 Draft UWMP and the Public Hearing Notice.

If you have problems with accessing the web site, or if you would like a copy of the 2005 UWMP on CD, please contact Julie Saba at [jsaba@ieua.org](mailto:jsaba@ieua.org) or (909) 993-1741.
