Mr. Jeff Mathieu  
City Manager  
City of Big Bear Lake  
Post Office Box 10000  
Big Bear Lake, California 92315

Dear Mr. Mathieu:

The Department of Water Resources (DWR) has reviewed the City of Big Bear Lake's (City) 2010 Urban Water Management Plan (UWMP) received August 10, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the City's 2010 UWMP has found that the plan has generally addressed the requirements of the CWC.

DWR recommends that when updating this plan in 2015, the City:

- 1) Include a cost/benefit analysis or plan of implementation for any Demand Management Measure (DMM) not implemented. DMM F, Clothes Washer Rebate, did not properly address this requirement (CWC 10631 (f) and (g)).

By including this data in future UWMPs, the City will better meet the requirements of the Water Code.

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the City's 2010 UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.
