Mr. James Vanerpool
City Manager
City of Buena Park
6650 Beach Blvd.
Buena Park, California 90622-5009

Dear Mr. Vanerpool:

The Department of Water Resources (DWR) has reviewed the City of Buena Park's (City) 2010 Urban Water Management Plan (UWMP) received June 7, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of City of Buena Park's 2010 Plan has found that the Plan has generally addressed the overall requirements of the CWC. DWR recommends that when updating this Plan in 2015, the City:

- 1) Address each Demand Management Measure (DMM) listed in the Water Code by providing a description of the program currently being implemented, or, for any DMM not being implemented, provide either a cost/benefit analysis, or a plan of implementation, DMM B (residential plumbing retrofits) did not properly address this requirement. (CWC Section 10631 (f) (g) and (h)).
- 2) Include actions to be taken by the District to prepare for, and implement during, a catastrophic interruption of water supplies. (CWC Section 10632 (a)(3)).

By including this data in future UWMPs, the City will better meet the requirements of the Water Code.

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the City's 2010 UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

Mr. James Vanerpool
