RE: NOTICE OF INTENT TO ADOPT AN URBAN WA
NOI: Urban Wtr Mgmt

I am a citizen of the United States and a resident of the County aforesaid; I am over the age of eighteen years, and not a party to or interested in the above-entitled matter. I hereby certify that the attached advertisement appeared in said newspaper on the following dates:

Newspaper: Salinas Californian

4/26/2011 5/3/2011

I acknowledge that I am a principal clerk of the printer of said paper, which is published in the City of Salinas, County of Monterey, State of California. The Salinas Californian is printed and published daily, except Sunday and has been adjudged a newspaper of general circulation by the Superior Court of the County of Monterey, State of California. El Sol is printed and published weekly on Saturday and has been adjudged a newspaper of general circulation by the Superior Court of Monterey, State of California.

I certify (or declare) under penalty of perjury that the foregoing is true and correct. Executed on this 3 day of May, 2011 at Salinas, California.

Declarant

NOTICE OF INTENT TO ADOPT AN URBAN WATER MANAGEMENT PLAN AND HOLD A PUBLIC MEETING TO RECEIVE COMMENTS ON THE PROPOSED PLAN

CALIFORNIA WATER SERVICE COMPANY
SALINAS DISTRICT

California Water Code, Part 2.6 Chapters 1 through 4 (Sections 10610 through 10656), are known and may be cited as the "Urban Water Management Planning Act."

These California Water Code sections require all urban water suppliers that provide water for municipal purposes either directly or indirectly to more than 3,000 customers or supply more than 3,000 acre-feet of water annually to prepare an Urban Water Management Plan as outlined and identified in those sections. This requirement applies to public and privately owned water utilities.

The plan must describe and evaluate sources of supply, reasonable and practical efficient uses, reclamation, and demand management activities. The components of the plan may vary according to an individual community or area's characteristics and its capabilities to efficiently use and conserve water. The plan must address measures for residential, commercial, governmental, and industrial water demand management.

The act requires urban water suppliers to update their Urban Water Management Plans at least once every five years, and to file updated plans with the Department of Water Resources, the California State Library, and any city or county served by the supplier no later than 30 days after adoption.

California Water Service Company (Cal Water) is an investor-owned public utility providing water service throughout California. In addition, Cal Water is regulated by the California Public Utilities Commission (CPUC).

One of Cal Water's service areas is the Salinas District, which is located in Monterey County. The Salinas District serves about 70 percent of the residents of the City of Salinas and residents of the unincorporated communities of Bolsa Knolls, Las Lomas, Oak Hills, Country Meadows, Salinas Hills, and Buena Vista.

As a defined urban water supplier, Cal Water is preparing an update to its Urban Water Management Plan that will address the water service conditions in the Salinas District. It is Cal Water's intent to adopt that plan and file that plan as required with the Department of Water Resources, the California State Library, and any city or county within which Cal Water provides service.

A key focus of this UWMP update is the conservation requirement set forth in Senate Bill 7 (SBx7-7) as passed in November 2009. SBx7-7 mandates a statewide 20% reduction in per capita urban water use by 2020. In order to quantify the objectives and identify the means of achieving this mandated demand reduction, Cal Water has prepared a Conservation Master Plan.

Cal Water is in the process of expanding current conservation programs and developing new programs for its 24 districts. Over the next five years, Cal Water conservation program expenditures are likely to increase, due in large measure to recently adopted state policies requiring future reductions in per capita urban water use. These state policies include SBx7-7, as well as recent decisions by the California Public Utilities Commission (CPUC) directing Class A and B water utilities to adopt conservation programs and rate structures designed to achieve reductions in per capita water use, as well as the *Memorandum of Understanding Regarding Urban Water Conservation in California* (MOU), of which Cal Water has been a signatory since 1991.

The Conservation Master Plan for the Salinas District will be presented to the Cities, Counties and public served by Cal Water's Salinas District in conjunction with the UWMP.

Schedule of upcoming actions:

On April 1, 2011, a copy of the Proposed Urban Water Management Plan and the Conservation Master Plan were made available for review during normal business hours at the Salinas District Customer Service Center, located at 254 Commission Street, Salinas, CA 93901.

It is preferred that prior arrangements be made with the district's management for

The Conservation Master Plan for the Salinas District will be presented to the Cities, Counties and public served by Cal Water's Salinas District in conjunction with the UWMP.

Schedule of upcoming actions:

On April 1, 2011, a copy of the Proposed Urban Water Management Plan and the Conservation Master Plan were made available for review during normal business hours at the Salinas District Customer Service Center, located at 254 Commission Street, Salinas, CA 93901.

It is preferred that prior arrangements be made with the district's management for viewing the Proposed Urban Water Management Plan and/or the Conservation Master Plan. These arrangements can be made by calling (831) 757-3644.

As an alternative to reviewing the Proposed Urban Water Management Plan in Cal Water's Salinas District Customer Service Center, Cal Water has placed an electronic copy of the Proposed Urban Water Management Plan on an FTP site, where the plan maybe reviewed and/or downloaded.
The site can be accessed at http://calwater.ftptoday.com ;
The user name is **cwsftp27** and the password is **l1c3ns3**.

The UWMP will be available at this FTP site from April 1, 2011 through June 15, 2011.

If there are issues with accessing the electronic copy, you may contact Michael Bolzowski at the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, by calling (408) 367-8200, or by email at mbolzowski@calwater.com.

A Public Meeting to receive comments on the Proposed Urban Water Management Plan and the Conservation Master Plan will be held on June 16, 2011, from 3:00 p.m. to 5:00 p.m., in the Salinas Customer Service Center Conference Room, which is located at 254 Commission Street, Salinas CA 93901.

If you are unable to attend the scheduled public meeting but want to provide comments regarding the proposed UWMP, you may send your comments in writing via mail or email to:

Thomas A. Salzano, Water Resource Planning Supervisor
California Water Service Company
1720 North First Street
San Jose, CA 95112-4598
tsalzano@calwater.com

Cal Water will receive comments on the proposed UWMP and the Conservation Master Plan from April 1, 2011 through June 15, 2011.

Comments regarding the Conservation Master Plan for Salinas should be sent to:

Kenneth G. Jenkins, Conservation Manager
California Water Service Company
2632 West 237th Street
Torrance, CA 90505
