Mr. Charles Hamilton  
General Manager  
Carpinteria Valley Water District  
1301 Santa Ynez Avenue  
Carpinteria, California 93013

Dear Mr. Hamilton:

The Department of Water Resources (DWR) has reviewed the Carpinteria Valley Water District's Revised 2010 Urban Water Management Plan (UWMP) received August 8, 2014. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the District's Revised 2010 UWMP has found that the plan has addressed the overall requirements of the CWC.

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is simply meant to acknowledge that Carpinteria Valley Water District has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the plan or urban water management planning, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Brostrom".
