December 17, 2014

David Luker
General Manager
Desert Water Agency
1200 S Gene Autry Trail
Palm Springs, California 92264

Dear Mr. Luker:

The Department of Water Resources (DWR) has reviewed the Desert Water Agency's (Agency) amended 2010 Urban Water Management Plan (UWMP) received on December 16, 2014. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted UWMPs. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the Agency's amended 2010 UWMP has found that the amended plan has addressed the requirements of the CWC. DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the Agency's amended 2010 UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the plan or urban water management planning please don't hesitate to email or call.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Brostrom".
