August 27, 2013

Mr. Dan Duncan  
Utility Operations Manager  
City of Eureka  
531 K Street  
Eureka, California 95501-1146

Dear Mr. Duncan:

The Department of Water Resources (DWR) has reviewed the City of Eureka's 2010 Urban Water Management Plan (UWMP) received on September 16, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the City of Eureka's 2010 UWMP has found that the plan has generally addressed the overall requirements of the CWC. DWR recommends that when updating this plan in 2015, the agency:

- 1.) Tables 16, 28, 31, 32, 33, 34: Revise reported volumes to reflect the volume availability to the City of Eureka, rather than the wholesaler. (Water Code 10631(b)).

By including this data in future plans, the City of Eureka will better meet the requirements of the Water Code Sections 10631 and 10632.

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is simply meant to acknowledge that the City of Eureka's UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

Mr. Dan Duncan
