Mr. Daniel Singer, City Manager  
Goleta Water District  
130 Cremona, Suite B  
Goleta, California 93110-1999

Dear Mr. Singer:

The Department of Water Resources (DWR) has reviewed the Goleta Water District's (District) 2010 Urban Water Management Plan (UWMP) received December 7, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plan.

DWR' review of the District's 2010 UWMP has found that the Plan generally addresses the overall requirements of the CWC. DWR recommends that when updating this Plan in 2015:

The District use US Census blocks and not US Census tracts for calculating population in the service area. See Water Code Section 10608.20 (h) (A).

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the District's 2010 UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the plan or urban water management planning, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Brostrom".
