February 27, 2014

Mr. Alex Ameri
Deputy Director
City of Hayward
777 B Street
Hayward, California 94541-5007

Dear Mr. Ameri:

The Department of Water Resources (DWR) has reviewed the City of Hayward's (City) 2010 Urban Water Management Plan (UWMP) received on July 21, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the City's 2010 UWMP has found that the plan has generally addressed the overall requirements of the CWC. DWR recommends that when updating this plan in 2015, the agency:

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the City has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the plan or urban water management planning, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Brostrom".

Peter Brostrom
