Mr. David W. Pedersen, P.E.  
General Manager  
Las Virgenes Municipal Water District  
4232 Las Virgenes Road  
Calabasas, California 91302

Dear Mr. Pedersen:

The Department of Water Resources (DWR) has reviewed the Las Virgenes Municipal Water District's (District) 2010 Urban Water Management Plan (UWMP) received June 29, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the District's 2010 Plan has found that the Plan has generally addressed the overall requirements of the CWC. In updating your 2015 UWMP, and specifically the Water Shortage Contingency Plan, please be sure to include a stage of action to be undertaken in response to water supply shortage or 50 percent reduction in water supply, and an outline of specific water supply conditions that are applicable to that stage. *Water Code Section 10632(a) (1)*"

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the District's 2010 UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.
