

APPENDIX K

**City of Norwalk
Ordinance No. 1490R, April 6, 1993**

ORIGINAL

ORDINANCE NO. 1409R

AN ORDINANCE OF THE CITY OF NORWALK ADOPTING PROVISIONS FOR WATER EFFICIENT LANDSCAPING AND AMENDING CHAPTER XXVII OF THE NORWALK MUNICIPAL CODE

THE CITY COUNCIL OF THE CITY OF NORWALK DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. Section 27-56 of the Norwalk Municipal Code titled "State/Federally Mandated Programs" is hereby added. Subsection 27-56.1 is hereby added to read as follows:

"27-56.1 WATER EFFICIENT LANDSCAPE PROVISIONS

- a. Purpose and Intent. The purpose and intent of this subsection is to establish certain provisions which encourage the use of water efficient plants and water efficient irrigation systems which foster long-term water conservation for development projects in the City of Norwalk while respecting the economic, environmental, aesthetic and life-style choices of individuals and property owners.
- b. Applicability. Except as provided below, this subsection shall apply to all residential development projects, where more than four (4) dwelling units are to be built or substantially renovated, and to all commercial/industrial development projects with landscaped areas exceeding 2,500 square feet.

This section shall not apply to:

1. Community gardens
2. Cemeteries
3. Homeowner provided landscaping at single-family and multi-family projects
4. Registered historical sites

All existing developments shall be exempt from the provisions of this subsection until such time as a 50 percent or greater building expansion occurs or full site development occurs, whichever occurs first. At that time, the provisions of this subsection shall be complied with.

- c. Definitions. As used in this subsection:

Automatic Irrigation System shall mean an irrigation system that can be controlled without manual manipulation and which operates on a pre-set program.

Hydrozone shall mean a portion of the landscaped area having plants with similar water needs.

ORIGINAL

Irrigation Plan shall mean a plan which identifies all components of the irrigation system.

Landscaped Area shall mean the parcel area less building pad(s), driveway(s), patio(s), deck(s), walkway(s) and parking area(s).

Overspray shall mean the water which is delivered beyond the landscaped area, wetting pavements, walks, structures, or other non-landscaped areas.

Planting Plan shall mean a plan which identifies the name, including common and botanical name, location, spacing, number, and container size of all plant materials.

Rain Sensing Device shall mean a device which automatically shuts off the irrigation system when rain occurs.

Reclaimed Water shall mean tertiary treated waste water of a quality suitable for nonpotable uses such as landscape irrigation, but not intended for human consumption.

Run off shall mean water which is not absorbed by the soil or landscape to which it is applied and flows from the area.

Turf shall mean a surface layer of earth containing grass with its roots.

- d. Submittal Requirements. The project developer is required to submit (2) sets of planting and irrigation plans to the Community Development Department which have been prepared in accordance with the City's landscaping provisions as listed in the Norwalk Municipal Code. Where possible, such plans shall be designed to be efficient and water conserving. Specific conservation measures may include, but are not necessarily limited to, the following:

Irrigation Systems:

- appropriate and functioning irrigation equipment and sprinkler heads
- automatic irrigation systems
- connections to a reclaimed water system, where available and appropriate
- separate landscape water meters
- rain sensing devices

Irrigation Schedules:

- irrigation between the hours of 9:00 p.m. and 9:00 a.m. in order to avoid excessive evaporation

Planting Plans:

- limiting turf areas on project sites subject to City review and approval
- where appropriate, providing planters which incorporate drought tolerant ground covers, shrubs and trees. Ground cover should be planted 8" on center or planted at a space that will ensure complete coverage
- where appropriate, planting fast-growing, broad head trees (which are 24" or greater box size trees at the time of their planting) in order to provide shading and to reduce evaporation
- where appropriate, grouping plantings into hydrozones to maximize the efficiency of the irrigation system
- where possible, including a mix of hydrozones with varied water use characteristics which result in overall water conservation

Mulching

- a minimum of two (2) inches of mulch added to the soil surface in non-turf areas after planting

e. General Requirements.

(i) All planting designs shall be sensitive towards the project site and neighboring developments.

(ii) All irrigation systems shall be compatible with the type of plantings specified and the specific requirements of the various planting areas on the project site. All irrigation systems shall be designed to avoid run off, overspray or other similar conditions where water flows or drifts onto adjacent property, non-irrigated areas, walks, roadways or structures. Devices and equipment which aid in water conservation may be required on large projects.

(iii) The property owner shall permanently and continuously maintain all planting and irrigation systems in a neat, clean and healthy condition, including removal of litter, proper pruning, mowing of lawns, weeding, fertilizing, watering, and replacement of diseased and/or dead plants and malfunctioning or missing irrigation system components.

f. Relative Water Requirements of Commonly Used Plants. The Director shall develop a list of plants that are commonly used in landscape designs with water requirement classifications of low, medium and high to assist landscape designers in choosing species with appropriate water demands in order to group species of similar water demands to facilitate efficient irrigation.

ORIGINAL

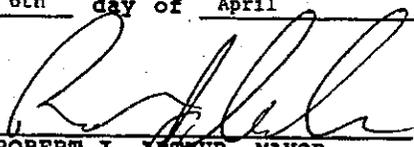

g. Exemptions. The Director may authorize exemptions to any of the design and improvement standards in this subsection. Such exemptions may be granted if the Director finds that the proposed design or improvement is in substantial compliance with the purpose and intent of this subsection."

Section 2. Prior to adopting this ordinance, the City has considered the provisions of the model water efficient landscape ordinance prepared by the California Department of Water Resources (California Code of Regulations, Title 23, Division 2, Chapter 2.7) which model ordinance was written pursuant to the Water Conservation in Landscaping Act (Government Code Section 65591 et seq.). The provisions of this ordinance supersede the provisions of the model which became effective in the City on January 1, 1993.

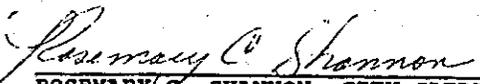

Section 3. If any section, subsection, subdivision, sentence, clause, phrase or portion of this ordinance, or the application thereof to any person or place, is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining sections, subsections, subdivisions, sentences, clauses, phrases or portions of this ordinance or its application to other persons or places. The City Council hereby declares that it would have adopted each section, subsection, subdivision, sentence, clause, phrase, or portion of this ordinance separately if any section, subsection, subdivision, sentence, clause, phrase or portion thereof were to be declared invalid or unconstitutional.

Section 4. The City Clerk shall certify to the adoption of this ordinance and cause the ordinance to be posted in public places within fifteen days following its adoption.

PASSED, APPROVED AND ADOPTED this 6th day of April, 1993.

ROBERT J. ARTHUR, MAYOR
CITY OF NORWALK

ATTEST:

ROSEMARY C. SHANNON, CITY CLERK

ORIGINAL

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES)
CITY OF NORWALK) ss.

I, ROSEMARY C. SHANNON, City Clerk of the City of Norwalk, California, DO HEREBY CERTIFY that the foregoing Ordinance was regularly introduced at a meeting of the City Council held on March 16, 1993 and adopted as Ordinance No. 1409^R of the City of Norwalk at a regular meeting of the City Council held on April 6, 1993, and said Ordinance has been duly signed by the Mayor and attested by the City Clerk and that the same was approved and adopted by the following vote, to wit:

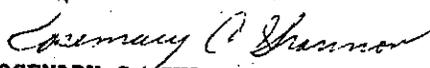

AYES: COUNCILMEMBERS BRENNAN, MENDEZ, STEFENHAGEN, VERNOLA,
 ARTHUR

NOES: NONE

ABSENT: NONE

ABSTAIN: NONE

Dated this 6th day of April, 1993.

ROSEMARY C. SHANNON
CITY CLERK

21	Cross-Defendants.)	
22	<hr/>)	

23 The above-entitled matter duly and regularly came on
24 for trial in Department 73 of the above-entitled Court (having
25 been transferred thereto from Department 75 by order of the
26 presiding Judge), before the Honorable Edmund M. Moor, specially
27 assigned Judge, on May 17, 1965, at 10:00 a.m. Plaintiff was
28 represented by its attorneys BEWLEY, KNOOP, LASSLEBEN & WHELAN,

1 MARTIN E. WHELAN, JR., and EDWIN H. VAIL, JR., and cross-
2 complainant was represented by its attorney JOHN S. TODD.
3 Various defendants and cross-defendants were also represented at
4 the trial. Evidence both oral and documentary was introduced.
5 The trial continued from day to day on May 17, 18, 19, 20, 21 and
6 24, 1965, at which time it was continued by order of Court for
7 further trial on August 25, 1965, at 10:00 a.m. in Department 73
8 of the above-entitled Court; whereupon, having then been
9 transferred to Department 74, trial was resumed in Department 74
10 on August 25, 1965, and then continued to August 27, 1965 at
11 10:00 a.m. in the same Department. On the latter date, trial was
12 concluded and the matter submitted. Findings of fact and conclu-
13 sions of law have heretofore been signed and filed. Pursuant to
14 the reserved and continuing jurisdiction of the court under the
15 judgment herein, certain amendments to said judgment and
16 temporary orders have heretofore been made and entered.
17 Continuing jurisdiction of the court for this action is currently
18 assigned to HON. FLORENCE T. PICKARD. Motion of Plaintiff herein
19 for further amendments to the judgment, notice thereof and of the
20 hearing thereon having been duly and regularly given to all
21 parties, came on for hearing in Department 38 of the above-
22 entitled court on MAY 6, 1991 at 8:45 a.m. before said HONORABLE
23 PICKARD. Plaintiff was represented by its attorneys LAGERLOF,
24 SENEAL, DRESCHER & SWIFT, by William F. Kruse. Various
25 defendants were represented by counsel of record appearing on the
26 Clerk's records. Hearing thereon was concluded on that date.
27 The within "Second Amended Judgment" incorporates amendments and
28 orders heretofore made to the extent presently operable and

1 amendments pursuant to said last mentioned motion. To the extent
2 this Amended Judgment is a restatement of the judgment as
3 heretofore amended, it is for convenience in incorporating all
4 matters in one document, is not a readjudication of such matters
5 and is not intended to reopen any such matters. As used
6 hereinafter the word "judgment" shall include the original
7 judgment as amended to date. In connection with the following
8 judgment, the following terms, words, phrases and clauses are
9 used by the Court with the following meanings:

10 "Administrative Year" means the water year until
11 operation under the judgment is converted to a fiscal year
12 pursuant to Paragraph 4, Part I, p. 53 hereof, whereupon it
13 shall mean a fiscal year, including the initial 'short fiscal
14 year' therein provided.

15 "Allowed Pumping Allocation" is that quantity in acre
16 feet which the Court adjudges to be the maximum quantity which a
17 party should be allowed to extract annually from Central Basin as
18 set forth in Part I hereof, which constitutes 80% of such party's
19 Total Water Right.

20 "Allowed Pumping Allocation for a particular Administra-
21 tive year" and "Allowed Pumping Allocation in the following
22 Administrative year" and similar clauses, mean the Allowed
23 Pumping Allocation as increased in a particular Administrative
24 year by any authorized carryovers pursuant to Part III, Subpart A
25 of this judgment and as reduced by reason of any over-extractions
26 in a previous Administrative year.

27 "Artificial Replenishment" is the replenishment of Central
28 Basin achieved through the spreading of imported or reclaimed

1 water for percolation thereof into Central Basin by a govern-
2 mental agency.

3 "Base Water Right" is the highest continuous extractions of
4 water by a party from Central Basin for a beneficial use in any
5 period of five consecutive years after the commencement of over-
6 draft in Central Basin and prior to the commencement of this
7 action, as to which there has been no cessation of use by that
8 party during any subsequent period of five consecutive years. As
9 employed in the above definition, the words "extractions of water
10 by a party" and "cessation of use by that party" include such
11 extractions and cessations by any predecessor or predecessors in
12 interest.

13 "Calendar Year" is the twelve month period commencing
14 January 1 of each year and ending December 31 of each year.

15 "Central Basin" is the underground water basin or reservoir
16 underlying Central Basin Area, the exterior boundaries of which
17 Central Basin are the same as the exterior boundaries of Central
18 Basin Area.

19 "Central Basin Area" is the territory described in Appendix
20 "1" to this judgment, and is a segment of the territory
21 comprising Plaintiff District.

22 "Declared water emergency" shall mean a period commencing
23 with the adoption of a resolution of the Board of Directors of
24 the Central and West Basin Water Replenishment District declaring
25 that conditions within the Central Basin relating to natural and
26 imported supplies of water are such that, without implementation
27 of the water emergency provisions of this Judgment, the water
28 resources of the Central Basin risk degradation. In making such

1 | declaration, the Board of Directors shall consider any
2 | information and requests provided by water producers, purveyors
3 | and other affected entities and may, for that purpose, hold a
4 | public hearing in advance of such declaration. A Declared Water
5 | Emergency shall extend for one (1) year following such
6 | resolution, unless sooner ended by similar resolution.

7 | "Extraction", "extractions", "extracting", "extracted", and
8 | other variations of the same noun and verb, mean pumping, taking,
9 | diverting or withdrawing ground water by any manner or means
10 | whatsoever from Central Basin.

11 | "Fiscal Year" is the twelve (12) month period July 1 through
12 | June 30 following.

13 | "Imported Water" means water brought into Central Basin Area
14 | from a non-tributary source by a party and any predecessors in
15 | interest, either through purchase directly from The Metropolitan
16 | Water District of Southern California or by direct purchase from
17 | a member agency thereof, and additionally as to the Department of
18 | Water and Power of the City of Los Angeles, water brought into
19 | Central Basin Area by that party by means of the Owens River
20 | Aqueduct.

21 | "Imported Water Use Credit" is the annual amount, computed
22 | on a calendar year basis, of imported water which any party and
23 | any predecessors in interest, who have timely made the required
24 | filings under Water Code Section 1005.1, have imported into
25 | Central Basin Area in any calendar year and subsequent to July 9,
26 | 1951, for beneficial use therein, but not exceeding the amount by
27 | which that party and any predecessors in interest reduces his or
28 | their extractions of ground water from Central Basin in that

1 | calendar year from the level of his or their extractions in the
2 | preceding calendar year, or in any prior calendar year not
3 | earlier than the calendar year 1950, whichever is the greater.

4 | "Natural Replenishment" means and includes all processes
5 | other than "Artificial Replenishment" by which water may become a
6 | part of the ground water supply of Central Basin.

7 | "Natural Safe Yield" is the maximum quantity of ground
8 | water, not in excess of the long term average annual quantity of
9 | Natural Replenishment, which may be extracted annually from
10 | Central Basin without eventual depletion thereof or without
11 | otherwise causing eventual permanent damage to Central Basin as a
12 | source of ground water for beneficial use, said maximum quantity
13 | being determined without reference to Artificial Replenishment.

14 | "Overdraft" is that condition of a ground water basin
15 | resulting from extractions in any given annual period or periods
16 | in excess of the long term average annual quantity of Natural
17 | Replenishment, or in excess of that quantity which may be
18 | extracted annually without otherwise causing eventual permanent
19 | damage to the basin.

20 | "Party" means a party to this action. Whenever the
21 | term "party" is used in connection with a quantitative water
22 | right, or any quantitative right, privilege or obligation, or in
23 | connection with the assessment for the budget of the Watermaster,
24 | it shall be deemed to refer collectively to those parties to whom
25 | are attributed a Total Water Right in Part I of this judgment.

26 | "Person" or "persons" include individuals, partner-
27 | ships, associations, governmental agencies and corporations, and
28 | any and all types of entities.

1 "Total Water Right" is the quantity arrived at in the
2 same manner as in the computation of "Base Water Right", but
3 including as if extracted in any particular year the Imported
4 Water Use Credit, if any, to which a particular party may be
5 entitled.

6 "Water" includes only non-saline water, which is that
7 having less than 1,000 parts of chlorides to 1,000,000 parts of
8 water.

9 "Water Year" is the 12-month period commencing Octo-
10 ber 1 of each year and ending September 30th of the following
11 year.

12 In those instances where any of the above-defined
13 words, terms, phrases or clauses are utilized in the definition
14 of any of the other above-defined words, terms, phrases and
15 clauses, such use is with the same meaning as is above set forth.

16
17 NOW THEREFORE, IT IS ORDERED, DECLARED, ADJUDGED AND
18 DECREED WITH RESPECT TO THE ACTION AND CROSS-ACTION AS FOLLOWS:

19 I. DECLARATION AND DETERMINATION OF WATER RIGHTS OF
20 PARTIES: RESTRICTION ON THE EXERCISE THEREOF.¹

21 1. Determination of Rights of Parties.

22 (a) Each party, except defendants, The City of Los
23 Angeles and Department of Water and Power of the City of Los
24 Angeles, whose name is hereinafter set forth in the tabulation at
25 the conclusion of Subpart 3 of Part 1, and after whose name there

26
27 ¹Headings in the judgment are for purposes of reference and
28 the language of said headings do not constitute, other than for
such purpose, a portion of this judgment.

1 | appears under the column "Total Water Right" a figure other than
2 | "0", was the owner of and had the right to extract annually
3 | groundwater from Central Basin for beneficial use in the quantity
4 | set forth after that party's name under said column "Total Water
5 | Right" pursuant to the Judgment as originally entered herein.
6 | Attached hereto as Appendix "2" and by this reference made a part
7 | hereof as though fully set forth are the water rights of parties
8 | and successors in interest as they existed as of the close of the
9 | water year ending September 30, 1978 in accordance with the
10 | Watermaster Reports on file with this Court and the records of
11 | the Plaintiff. This tabulation does not take into account
12 | additions or subtractions from any Allowed Pumping Allocation of
13 | a producer for the 1978-79 water year, nor other adjustments not
14 | representing change in fee title to water rights, such as leases
15 | of water rights, nor does it include the names of lessees of
16 | landowners where the lessees are exercising the water rights.
17 | The exercise of all water rights is subject, however, to the
18 | provisions of this Judgment as hereinafter contained. All of
19 | said rights are of the same legal force and effect and are
20 | without priority with reference to each other. Each party whose
21 | name is hereinafter set forth in the tabulation set forth in
22 | Appendix "2" of this judgment, and after whose name there appears
23 | under the column "Total Water Right" the figure "0" owns no
24 | rights to extract any ground water from Central Basin, and has no
25 | right to extract any ground water from Central Basin.

26 | (b) Defendant The City of Los Angeles is the owner of
27 | the right to extract fifteen thousand (15,000) acre feet per
28 | annum of ground water from Central Basin. Defendant Department

1 of Water and Power of the City of Los Angeles has no right to
2 extract ground water from Central Basin except insofar as it has
3 the right, power, duty or obligation on behalf of defendant The
4 City of Los Angeles to exercise the water rights in Central Basin
5 of defendant The City of Los Angeles. The exercise of said
6 rights are subject, however, to the provisions of this judgment
7 hereafter contained, including but not limited to, sharing with
8 other parties in any subsequent decreases or increases in the
9 quantity of extractions permitted from Central Basin, pursuant to
10 continuing jurisdiction of the Court, on the basis that fifteen
11 thousand (15,000) acre feet bears to the Allowed Pumping
12 Allocations of the other parties.

13 (c) No party to this action is the owner of or has any
14 right to extract ground water from Central Basin except as herein
15 affirmatively determined.

16 2. Parties Enjoined as Regards Quantities of Extractions.

17 (a) Each party, other than The State of California and The
18 City of Los Angeles and Department of Water and Power of The City
19 of Los Angeles, is enjoined and restrained in any Administrative
20 year commencing after the date this judgment becomes final from
21 extracting from Central Basin any quantity of Water greater than
22 the party's Allowed Pumping Allocation as hereinafter set forth
23 next to the name of the party in the tabulation appearing in
24 Appendix 2 at the end of this Judgment, subject to further
25 provisions of this judgment. Subject to such further provisions,
26 the officials, agents and employees of The State of California
27 are enjoined and restrained in any such Administrative year from
28 extracting from Central Basin collectively any quantity of water

1 greater than the Allowed Pumping Allocation of The State of
2 California as hereinafter set forth next to the name of that
3 party in the same tabulation. Each party adjudged and declared
4 above not to be the owner of and not to have the right to extract
5 ground water from Central Basin is enjoined and restrained in any
6 Administrative year commencing after the date this judgment
7 becomes final from extracting any ground water from Central
8 Basin, except as may be hereinafter permitted to any such party
9 under the Exchange Pool provisions of this judgment.

10 (b) Defendant The City of Los Angeles is enjoined and
11 restrained in any Administrative year commencing after the date
12 this judgment becomes final from extracting from Central Basin
13 any quantity of water greater than fifteen thousand (15,000) acre
14 feet, subject to further provisions of this judgment, including
15 but not limited to, sharing with other parties in any subsequent
16 decreases or increases in the quantity of extractions permitted
17 from Central Basin by parties, pursuant to continuing
18 jurisdiction of the Court, on the basis that fifteen thousand
19 (15,000) acre feet bears to the Allowed Pumping Allocations of
20 the other parties. Defendant Department of Water and Power of
21 The City of Los Angeles is enjoined and restrained in any
22 Administrative year commencing after the date this judgment
23 becomes final from extracting from Central Basin any quantity of
24 water other than such as it may extract on behalf of defendant
25 The City of Los Angeles, and which extractions, along with any
26 extractions by said City, shall not exceed that quantity
27 permitted by this judgment to that City in any Administrative
28 year. Whenever in this judgment the term "Allowed Pumping

1 Allocation" appears, it shall be deemed to mean as to defendant
 2 The City of Los Angeles the quantity of fifteen thousand (15,000)
 3 acre feet.
