May 23, 2014

Mr. Alex Brandon, President
Phelan Pinon Hills Community Services District
4176 Warbler Road
Phelan, California 92371

Dear Mr. Brandon:

The Department of Water Resources (DWR) has reviewed the Phelan Pinon Hills Community Services District's (District) 2010 Urban Water Management Plan (UWMP). The California Water Code directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans to ensure that they have addressed the required elements of the California Water Code.

DWR's review of the District's 2010 plan has determined the following required elements have not been addressed in accordance with the Water Code:

The District did not include a Water Shortage Contingency Plan. (See Water Code, 10632 (a-f))

To meet the requirements of the Water Code and to be eligible for State water grants and loans, the District should consider revising its 2010 UWMP to address the UWMP elements listed above. Revised plans must be adopted by the District's governing board following the public process specified in the UWMP Act. DWR encourages water suppliers to send drafts of the revised sections to DWR for review before adopting the revised plan.

After adoption, copies of the revised plan should be sent to DWR, the State Library, and local cities and counties. On receiving the revised plan, DWR will review the revised sections for compliance with the UWMP Act.

Mr. Alex Brandon
