Mr. Jared Beyelar
Business Operations Manager
San Bernardino County Service Area 64
Post Office Box 5004
Victorville, California 92393

Dear Mr. Beyelar:

The Department of Water Resources (DWR) has reviewed the San Bernardino County Service Area 64's (Agency) 2010 Urban Water Management Plan (UWMP) received October 23, 2012. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR'S review of San Bernardino County Service Area 64 2010 Plan has found that the Plan has generally addressed the overall requirements of the CWC.

For the 2015 UWMP update, the Agency include descriptions of actions to prepare for catastrophic interruption of water supplies due to power outages, earthquakes or other disasters (CWC Section 10632 (c)). Also include prohibitions and consumption reduction methods for catastrophic interruptions (CWC Section 10632 (d-e)).

By including this data in future UWMPs, the Agency will better meet the requirements of the Water Code.

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the Agency's 2010 UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

Mr. Jared Beyelar
