Ms. Molly Petrick
San Francisco Public Utilities Commission
1155 Market Street, 11th Floor
San Francisco, California 94103

Dear Ms. Petrick:

The Department of Water Resources (DWR) has reviewed the San Francisco Public Utilities Commission's (SFPUC) 2010 Urban Water Management Plan (UWMP) received on June 22, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the SFPUC's 2010 plan has found that the plan has addressed the requirements of the CWC. DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is simply meant to acknowledge that the SFPUC has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the plan or urban water management planning please don't hesitate to email or call.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Brostrom".
