Ms. Jill R. Ingram  
City Manager  
City of Seal Beach  
211 8<sup>th</sup> Street  
Seal Beach, California 90740

Dear Ms. Ingram:

The Department of Water Resources (DWR) has reviewed City of Seal Beach's (City) 2010 Urban Water Management Plan (UWMP), received July 20, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans to ensure that they have addressed the required elements of the CWC.

DWR's review of the City's 2010 plan has found that the plan has generally addressed the requirements of the CWC.

DWR recommends that when updating this plan in 2015, the City make the following revisions:

Address each Demand Management Measure (DMM) listed in the CWC by providing a description of the program currently being implemented, or, for any DMM not being implemented, provide either a cost/benefit analysis, or a plan of implementation. The description of DMM N (residential toilet replacement) did not properly address this requirement. CWC Section 10631 (f-h).

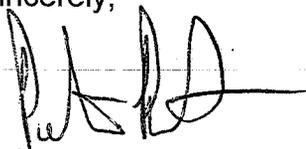

By including this data in future UWMPs, the City will better meet the requirements of the Water Code.

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the City's 2010 UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

Ms. Jill R. Ingram
