May 15, 2014

Mr. Doug Robertson
General Manager
Victorville Water District
Post Office Box 5001
Victorville, California 92393-5001

Dear Mr. Robertson:

The Department of Water Resources (DWR) has reviewed the Victorville Water District's (District) 2010 Urban Water Management Plan (UWMP) received July 18, 2011. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted plans. In meeting this legislative reporting requirement, DWR reviews all submitted plans.

DWR's review of the District's 2010 UWMP has found that the plan has generally addressed the requirements of the CWC. In updated the District's UWMP in 2015, DWR recommends the District include stages of action with up to 50 percent water reduction in the Water Shortage Contingency Plan (Water Code §10632 (a)).

DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. This letter is meant to acknowledge that the District's 2010 UWMP has addressed these requirements. The results of the review will also be provided to DWR's Financial Assistance Branch.

Mr. Dough Robertson
