

***City of Farmersville
Groundwater Management CASGEM Compliance***

Ground Water Management Compliance

Not applicable. The project will not directly affect groundwater levels in a much larger groundwater basin. The City of Farmersville is located within the boundaries of the Kaweah Delta Water Conservation District (KDWCD) and the San Joaquin Valley-Kaweah Groundwater Basin. KDWCD has a compliant Ground Water Management Plan. The KDWCD is aware of the project and has provided a letter of support for the application.
