

Cost Proposal

CARW Toilet Installation Program

Our cost proposal is all inclusive and will provide the services listed in the Scope of Work. This Cost Proposal is for toilet installation services for CARW Program customers and other authorized FWC installations. The Cost per Unit below is all inclusive of taxes and overhead associated with product purchasing and implementation of the CARW Program.

Reports and invoices shall be submitted to FWC at the end of each month throughout the Program, or as requested by FWC. Backup hardcopy documentation shall be safely stored by EcoTech. Copies of completed programs forms shall be made available to FWC upon request.
