To Whom It May Concern,

It is our pleasure to forward institutional support and approval of the above-referenced proposal being submitted to California Department of Water Resources under the Water-Energy Grant Program.

In response to the requirements as an eligible applicant: The Regents of the University of California are the regularly constituted state university of the State of California originally created by a state legislature act of 1868. The University of California is an authorized 501.C3 Nonprofit Organization. The Regents of the University of California is deemed a State institution codified in the State of California's Constitution Article 9, Section 9 and, as such, are legally authorized to enter into an agreement with the State of California. The University has successfully entered into many contractual arrangements with the State of California, under various departments, reflective of our respective policies and regulations and those of the State of California, as part of the outlined research project.

Please call on Dr. Loge, UCD Principal Investigator, for scientific information. Administrative questions may be directed to Lien Pham at the address or phone below or at lthpham@ucdavis.edu. We request correspondence pertaining to this proposal and any ensuing award be sent to the Office of Research and to the Principal Investigator.
