

The following comments were received by DWR at the Water-Energy public comment meeting, August 19, 2014, in Chino CA :

Denise Landstedt; Rancho California Water Agency, Upper Santa Margarita IRWM Region

Please include a definition of what can be used as funding match. Definition should include specifically other state funds.

Authorizing resolution – typically DWR allows for the authorizing resolution to be submitted at a later date if it is not ready at the time of application. Please include such a statement in this grant program.

Mark Norton; Santa Ana Watershed Project Authority

There is still some confusion over the DAC definition. The PSP uses the term “may include” and then there’s some “or” “and” statements. Please clarify.

Typo page 17 of 30.

Reimbursable date; can you please give a hard date?
