

Water-Energy Grant Program Scoping Meetings

The Governor signed Senate Bill 103, Chapter 11 on March 1, 2014, appropriating \$19M from the Greenhouse Gas Fund to the Department to develop a Water-Energy Grant Program.

DWR will be holding two workshops to gather input for the development of this grant program. DWR intends to allow sufficient time to gather public input at the workshops for its consideration in drafting guidelines and a proposal solicitation package (PSP). The draft Guidelines and PSP are anticipated to be released for public comment July 1, 2014.

These meeting will be held at the same location, before or after, the Integrated Regional Water Management Draft 2014 Drought Proposal Solicitation Package public comment meetings for your convenience.
