**Subject:** Draft Funding DAC Designation

Good Afternoon,

During the Public Comment period, the Geographical Distribution Graph did not match the distribution graph on the website. See below,

The only reason I ask, is EVMWD was designated as NOT being considered DAC. The Map posted on the webinar would indicate we are DAC and fall within priority funding level 1. Can you please confirm if the map was just an oversight or if the DAC status was changed.

Thank you in advance.
