			TOTAL 10/	22.70	23.03

- Notes:** 1/ Decree 5804 allocated water rights from North Cow Creek on a rotation basis except decreed owners California Zinc Company and L. G. Phillips (see paragraph 46 and Schedules III and IV). In 1934, the decreed rotation water users requested the distribution of water on a continuous flow basis. Since then, the water rights for North Cow Creek and the watermaster billing have been based on Schedule VII. Also, paragraph 56 allows the sale, exchange, or lease of the water rights defined for North Cow Creek.
- 2/ Tract 2 decreed water right was from Tolidy Spring (0.85 cfs) and unnamed spring (0.15 cfs) only. Tract 2 presently also includes 0.23 cfs transferred from Decreed Owner W. A. Calkins (no DWR Tract) and 0.23 cfs from Decree Owner Red River Lumber Co. (T34N, R1E only, no DWR Tract). Shasta Co. book 910 pg. 540. 541
- 3/ John Wright (Tract 7-2) has allowed Mountain Church of Hope to use 3/4 in. pipe to divert from Benbow Ditch.
- 4/ The minimum Diversion #29 (Pehrson-Grant-Jones) can be reduced to is 0.80 cfs. See paragraph 46.
- 5/ Tract 25 water right of 0.11 cfs is currently supplied by return flow from Tract 14. Add Tr. 14 to Tr. 25 for total C.B. Jones.
- 6/ The water right for Tract 87 is currently used on Tract 26. (Both Tracts are owned by G. Rutherford.)
- 7/ The water right for Tract 51-2 (0.02 cfs) was transferred to Tract 75. The Coronado Copper and Zinc water right (Tract 51-2) was quitclaimed to Melton, see Shasta Co. Book 552 Page 273, 274.
- 8/ The water rights for Tracts 9 and 80 are currently used on Tract 58. All Tracts are owned by the Rickert Family.
- 9/ Due to the numerous parcel subdivisions and water transfers within the Cook and Butcher Ditch service area, the water rights shown herein were obtained from the Cook and Butcher Ditch Users Group. All water rights for Tracts 77 and 82 and some of the water right for Tract 81 have apparently been transferred to other Tracts within the Cook and Butcher Ditch service area. Documentation of some of the water transfers is located in the watermaster files. An update of current water right owners should be obtained each year from the Users Group for watermaster billing purposes.
- 10/ Total does not include 5.0 cfs export from Mill Creek (tributary to North Cow Creek) by the Welch-Strayer and Excelsior Ditches to Oak Run Creek. See paragraphs 4 and 5, Decree 5804 and Oak Run Creek field schedule. Also does not include water rights from Cedar Creek (6.90 cfs).
- 11/ Water right amounts for DWR Tract 27-1, and 27-3 are ammended because of transfer of 0.06 cfs, which is allowed per parg 56 of Dectree No. 5804. DWR Tract 27-1 transferred 0.06 cfs to DWR Tract 27-3 via quitclaim deed dated and recorded April 14, 2004. Copy of letter and deed located in watermaster files.
- 12/ water right of 0.504 cfs was quitclaimed to DWR TR 12-4-1, (see Shasta Co. 2005-0068228) dated 15 November 2005.
- 13/ Received via quitclaim deed, 0.504 cfs from DWR TR 7-1.
