More Regional Reports, reference articles posted on Water Plan Website

More Regional Report booklets have been posted in [Volume 3](#) of the Water Plan Update 2009. Volume 3 is a set of 12 regional reports. Each regional booklet includes a water balance summary for years 1998 through 2005 and scenario results that project the region's water needs through year 2050. Also posted on the Water Plan website are more articles in the [Volume 4 Reference Guide](#).

South Lahontan (8.6 mb)	
North Lahontan (7.3 mb)	

Urban Stakeholder Committee of SBX 7-7 water conservation measure to meet next Tuesday

DWR has formed the Urban Stakeholder Committee to meet some of the public process requirements of SBX 7-7, a law enacted in November that mandates water conservation, measurement and reporting activities. The committee will meet next Tuesday, May 18, in Sacramento. [You can find a draft agenda and other material here](#). The meeting will be available online through Webinar. [You can register for the Webinar here](#).

Federal EPA sets workshop on climate change and water management strategies

The federal EPA will present a Regional Science Workshop titled: Resilient Water Management Strategies for Climate Change: Developing Decision Support Tools for Local Communities. It will be held from June 8 to 10. It will be a Bi-Coastal Workshop and video conference presented at EPA offices in New York and San Francisco. The workshops will be preceded by two national webinar meetings to prepare participants for the "in-person" regional workshops. [Read more](#).

Interagency Ecological Program to hold annual workshop May 25, 26

The Interagency Ecological Program for the San Francisco Estuary will present its Annual 2010 IEP Workshop on Tuesday and Wednesday, May 25 and 26, from 8:30 a.m. to 5 p.m. at California State University. Agencies will present IEP's monitoring and research activities. [You can register and find more information here](#).

Save the date: Oct. 13, 14 for CBC session titled 'Restoring our Forests'

The California Biodiversity Council will hold a meeting Oct. 13 and 14 titled Restoring Our Forests. The meeting will be held in Graeagle, Plumas County. Both the opportunities and challenges in restoring the forests of California will be the focus of the meeting. You can find more information on the [CBC Website](#).
